

## **GIS and Public Health Research: Towards a New Synergy**

**Tuesday, October 20, 2009**

**11:00am-12:00pm**

**Prior Health Sciences Library  
5<sup>th</sup> Floor Medical Heritage Center  
376 West 10<sup>th</sup> Avenue**

### **DANIEL Z. SUI, PhD**

**Director, OSU Center for Urban & Regional  
Analysis (CURA) and Professor of Geography  
and Distinguished Professor of Social & Behavioral  
Sciences**

Dr. Sui will present an overview of the latest developments in geospatial information science & technology and discuss how they can be synergistically integrated into public health research. He will also discuss CURA's existing and future projects related to GIS & public health.

*Sponsored by:*  
The CPH Seminar Series

**Brown bag lunches are welcomed.**
