## EXPERIENCE

### Mid-Ohio Regional Planning Commission, Columbus Ohio — *GIS Intern*

June 2016 - September 2017

At MORPC I assisted in the development of regional planning maps for the 15-county region of central Ohio. This consisted of many projects ranging from the county scale to the village scale.

### CURA, Columbus Ohio — *Research Assistant*

January 2018 - Present

Development of 3D mapping networks across OSU campus buildings.

## EDUCATION

### Ohio State University, Columbus Ohio — *Urban, Regional and Global Geography; Minor in GIS*

AU 2015 - SP 2018

### Ohio University Lancaster, Lancaster Ohio — *Urban Regional and Global Geography*

AU 2014 - SP 2015

## PROJECTS

### Insight 2050 — *Land Use development*

Helped to develop a series of land use development maps for the Insight 2050 project to prepare central Ohio for the rising population and average age.

### OSU 3D — *3D Mapping*

Developing 3D mapping networks to map individuals not just via streets and sidewalks, but room to room.

### Travel Demand Model Development — *Population Mapping*

The development of residential occupancy based on resources and self-created databases to predict the travel demand in central Ohio regions.
